

WEDNESDAY - May 29, 2019

Today is working on the SDSS Survey Data lab!

Creating a finding chart:

<http://skyserver.sdss.org/dr13/en/tools/chart/charthome.aspx>

<http://skyserver.sdss.org/dr13/en/tools/started/>

Finding Chart	Lets you create and print an astronomical finding chart for an object seen by the SDSS	when you want to use SDSS images to help you find an object with your telescope, or when you want a printout of an SDSS object.

FRIDAY - May 31, 2019

Working on SDSS Survey Data Lab today!

Imaging Query Tool: <https://skyserver.sdss.org/dr13/en/tools/search/igs.aspx>

What is a color magnitude diagram showing us?

- Single star evolution
